C/O

and,

were sent to bed as usual at 8.30 pm on Thursday, March 12th, 1992. Since Dee had left that evening, ^{C/O} was alone in her bedroom that night. By 9.30 pm, all was quiet and the children in the cottage seemed to be asleep.

Around midnight, my daughter, after finishing her homework was preparing to get into bed. She peeped into ^{C/O} room as the door was ajar. She was shocked and embarrassed to find a naked ^{C/O} and ^{REDACTED} in his pyjamas in the room, in the dark. ^{REDACTED} said he had come to say 'hello' when she questioned his presence in the room.

It was only on Friday morning, just as the children were leaving for school, that my daughter reported the incident to me.
