MESSAGE:

Herewith is the initial response we recommend be sent to Cranston McEachern which we would intend following up with a more detailed response which we are presently drafting.

In two weeks time we have been told that the Channel 9 "Sunday" program will be running a feature on the Church's response to compensation issues. It is quite possible, therefore, that anything communicated in writing may be shown on the program or extracts read from such correspondence. You may like to seek some input from the Church's media officer at this point.

Please let us know if you are agreeable to this preliminary letter being dispatched. This letter is in lieu of the shorter letter we sent to you on 12 October 1999.

Yours faithfully
