Pauline

I needed to go out to St.Anns yesterday because of a child I am funding work with and Loreto mentioned some current parents who are asking questions like when is the meeting? Etc So two questions. Please read Loretos attachment.

1. Where is the letter re May 20th coming from – Archbishop's office, Parent Advocacy? You ? Allan?
2. I know you and I have contacted REDA – are these other parents Loretos attached file in on your list and if not shall I give them a contact call given they are current parents with children there in the '86-'91 period?

I talked with REDACT (gorgeous woman!) she doesn't want to make statement and didn't want police contact given their age and the "peace" they have made with the possibilities 10 years ago. Aged husband has heart attack etc. I offered to relay this to police and did so and they were happy to leave it. I had concerns about info she gave me and passed it on to the detective to be recorded. If we chat on the phone or in person I will share it with you.

So my contact list to date is:

REDACT
REDAC (good conversation)
REDA
REDA
REDA
Family
REDA
REDAC
REDA
REDA
REDA
REDA
CTED

I hope to spend most of today ringing and double this list ASAP. No statements wanted from any to date.

Eileen
