Dear Eileen

Thanks so much for making time to meet with Sandy, Wendy & myself today re Anthony. It was very helpful.

The names of the 5 students who still attend St Ann's and were present there during some of the period of 86 – 91 are as follows.

REDACTED He also had a sister REDACTED here then. Parents: REDACTED  
 Parents didn't seem unduly concerned about REDACTED being abused by this person as he was so young

REDACTED Also had a sister REDACTED here & REDACTED brother REDACTED. Parents: REDACTED. Parents didn't seem unduly concerned about REDACTED being abused by this person.

REDACTED Mother is REDACTED REDACTED  
 REDACTED is the auntie. I spoke with both REDACTED as they were very anxious. Stated that they wished to go to a parent meeting to hear concerns and views of other parents. She really pushed me to tell her driver's name which of course I wouldn't. They normally never come to any school meetings so am not sure if would go to a special one or not.

**For your information in case you are speaking with REDACTED**  
 Due to REDACTED age she was still in the Junior end of school until end of 1992. She did not do woodwork or go away for any weekends with the driver BP. She attended Junior camps only and BP never went on any of them or helped in the Junior end of school at all. While BP did drive her bus at times (they live at REDACTED), I believe there is very little risk of anything having happened to REDACTED. They were concerned that a driver used to take her one afternoon a week to a mainstream school for integration and in case he may have been the driver. I couldn't comment but just tried to reassure them as they are extremely protective.

REDACTED Also had a sister REDACTED who was here at the time. Dad is REDACTED REDACTED and his partner is REDACTED. Contact numbers Home: REDACTED work numbers are REDACTED. I don't know her surname I'm sorry. They are very hard to contact especially at home.
