St. Ann's

Sr. Loreto's Letter. Allan, Jane, Tony and Archbishop Wilson meeting this afternoon to formulate response.

REDACTED Request: This request does not meet the same criteria established to assess other cases. All activities referred to in the request were daily curriculum activities where teacher supervision would have been standard practice. There is a distinction between these activities and the opportunity that Brian Perkins had to be alone with students when traveling to and from school on the bus. On these occasions there were also repeated complaints that the bus was late.

Anne will contact Loreto and clarify school practices at the time with Loreto, Martin and REDACT

It may also be necessary to interview REDACTED and REDACTED.

REDACTED

Paul Slattery.- Tony Fuller will be meeting with Paul soon. Tony has passed on the school board guidelines to Paul. Tony will check current status of guidelines before the meeting on Wednesday afternoon.

REDACTED

Sue said that she had accumulated a number of invoices from Malcolm Robinson for services provided to clients of Professional Standards. As Malcolm was on a retainer these would be accounted for by this arrangement.
