Hello John,

This is to confirm that today Ian Hunter and myself did a presentation at the primary school jointly with Terry Hayes addressing the matters detailed in Margaret Hendriks' Circular 1/2009 regarding Student Protection In-service with staff at the start of the school year. A copy of the powerpoint that we used in the presentation is attached. On Friday Terry has scheduled an inservice session with new staff members using the CEO produced materials. All of the points raised by Margaret have been addressed. Staff members engaged willingly and openly with the presentation.

Ian and I feel that it was a supportive and useful exercise for Terry and the staff at the primary and has provided a platform for further discussion with Terry as to what support is required for the primary community from us.

Best Wishes

John
