Dear Terry,

The further amended version of the letter looks OK to me.

I suggest that you inform Gerry that your letter is written on the advice of the CEO, in particular, your SEO. As part of the procedure the employing authority has a responsibility to maintain records in these matters. Hence, a copy of the correspondence will be filed at the CEO.

I will drop off copies of "Integrity in Relationships" on my way to Dalby this afternoon.

Regards,

Chris

Subject: Gerry B letter - Draft 2

Hello Christopher

Here is the amended version of the letter following our conversation this morning. Just a couple of queries:

How do I reply to Gerry if he questions the fact that I am sending a cc copy to you? He would be hoping, I assume, that as few people know about this the better so why should you (or CEO) know at this stage!

Unfortunately, I can't put my hands on a copy of 'Integrity in Relationships'. I have all the other publications strictly placed in the back of my Student Protection folders but alas can't find this one. I assume you wish me to give Gerry a copy of this booklet tomorrow so do you have a spare? I have 'Integrity in Ministry'!!!

Will look forward to your reply following perusal of the letter.

Cheers,

Terry Hayes
