The Director
Mr John Borserio
Catholic Education Office
Toowoomba 4350

Dear John

Further to our conversation today I submit the following.

I am aware that Mr Terry Hayes has stated in court that I was the one who answered his initial phone call to the Catholic Education Office, Toowoomba, in September 2007. I believe he stated to the Magistrate that he was seeking advice as to best manage a parent complaint about a teacher in a forthcoming interview.

In all honesty I cannot recall that phone call and thus am convinced that no information was given to me that indicated the seriousness of what has since been revealed – nor even cause suspicion of reportable harm.

This matter is of grave concern to me. However, I am unable to comment factually on the specifics of the conversation that Mr Hayes has alluded to in court.

Yours sincerely

Peter Lynam
