Dear Kay;

The children are beginning to open up to their teachers about last years in Br. Gregory's class. The hitting, threats and emotional blackmail are appalling and they are very angry inside.

ACU I am particularly worried about and to some extent the other families because of what the other children are saying and where they are saying it and yet all of them need opportunities to get these feelings out. They seem desperate for us to believe them and to know we understand.

A few of the girls spoke about Br Gregory setting ACU on his knee in the classroom, rubbing his around the neck and areas above the waist ACU is becoming more and more verbally aggressive

with some of the children -
 particularly the boys who are so
 angry about how much of a favorite
 she was - I'm sure she needs some
 help in handling all this.

If you have any spare
 moments in the not too distant
 future I would like some advice
 on what to do to try to help all
 these kids.

Hope you can help the
 REDACTED both REDACTED and ACU

Regards.

Jim O'Grady.
