Dear Bishop Brian

**ROMAN CATHOLIC TRUST CORPORATION FOR THE DIOCESE OF
ROCKHAMPTON – POSSIBLE COMPENSATION CLAIMS**

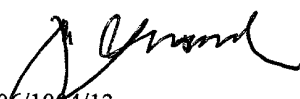

I refer to the conference had on 3 October.

Apart from other general matters I took particular notice of the Claimant's age at the time, duration, category, treatment and symptoms.

I list hereunder matters which will need to be canvassed in order to inform me on how I should properly assess compensation:-

1. The age of the person at the time.
2. The duration over which the incidents occurred and the number of occasions it occurred.
3. To determine the category, were the incidents of a sexual or physical nature and of course, details.
4. Did the person seek counselling following the incidents and if so, details. If not, why not?
5. Did the person incur any hospital, medical, pharmaceutical, etc expenses as a result of the incidents? Details of any medication and the period over which it was taken.
6. What effect has the incident had upon their marriage, work and social life.

Yours faithfully
