V.R. Noel Hynes,

Dear Father,

During our conversation this afternoon you had made a suggestion for me to put into writing - just what I want.

After plenty of thought, & as you are aware the last thing I wish <sup>not</sup> to hurt the Church in any form of public holiday of this kind.

After 50 years of suffering & hurt, Depression, loss of Control of Board, then surgery,

I feel the Church owes me personal Injury Compensation for this period & until I shall pass away. as the pain will always be with me.

After all this I suggest to the Church to please consider all Options & to make an offer in a responsible way. & to end all matters in a proper manner.

God Bless.

Sincerely,

AYQ
