

22nd June 2000

Dear Committee,

I am writing to support AYE application for an interest free loan of \$3,500 to buy a wood blocker. AYE is nearing retirement age and wishes to supplement his income by chopping firewood on a small commercial basis. He feels he could repay a loan of this magnitude out of his current earnings, with the balance to be paid from his long service/termination pay.

He has previously received as \$500 loan fom the Professional Standards Office which he repaid

promptly. I have no doubt that if you approved this loan to AYE he would honour the repayment commitment.

Thank you for considering AYE's application.

Yours sincerely,

Anne Czekanski
