

26.10.05

Dear AYB ,

My name is Anne Czekanski. I am a social worker and have been employed by the Sisters of Mercy in Rockhampton for some years to support and help ex-residents of Neerkol orphanage to live their lives fully.

I have had some contact with your sister RED over the years. She has just contacted me because she feels life has been difficult for you and your children recently and she considered if I could help in any way. I am therefore writing to you to offer you and/or your children counselling or professional support, if you feel this would be of any help – you can arrange to see any professionally qualified person of your choice – and the Sisters would pay the professional costs.

If any of you would like this support – or wish to discuss this further – please phone me on 1 800 65208. I will be away for five weeks from 9 December – otherwise please phone me and leave a message if I am not available when you phone.

Kind regards,  
Anne Czekanski
