Dear Mary,

As one of my final jobs in the role of Response Co-ordinator for the Professional Standards Group of the Diocese, I wanted to let you know that I was able to contact  with reference to your complaint about "Fr John". Unfortunately Mary,  was not able to identify the priest any further either.

I have passed this information back to the Convenor of the committee and asked that he take that to the next committee meeting for discussion as to the next step. The convenor's name is Fr John Grace. I hope you will hear something back from the committee soon after their February meeting.

All the very best for you and your children  
Mary,

Margie Newton
