Dear Margie,

Please find enclosed letters from the former residents who are requesting a face to face apology with specified Sisters working in the order at Neerkol during their period.

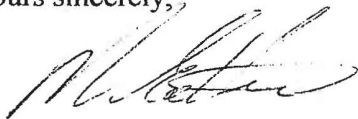

Enclosed also is the letter from the resident who requested a personal apology in writing.

Please convey to Sr Di-anne Rowan that the majority of former residents have accepted this apology and are thankful for her progressive Leadership and co-operative manner in working out fair solutions with the Neerkol Committee.

The need to deal with personal tragedy is a necessary precondition if victims are to learn to deal with such traumas that have plagued their lives - only then can they move forward.

We are grateful that Sr Di-anne has allowed us this opportunity.

Yours sincerely,

Ms Mary Eather
Secretary N.A.S.G.
