

MEMORANDUM

To The Archbishop
From Father Deal
Re FATHER R. PICKERING

This afternoon Father Deal telephoned Father Pickering advising him:

The Archbishop wished him to know that the matter is a personal one. It is of deep concern to the Archbishop and he would wish to discuss it with no-one but Father Pickering.

In view of the friendship which the Archbishop has constantly extended and which has always been directed towards Father Pickering's best interests. The reason why the Archbishop wishes to act in this way is entirely in Father Pickering's best interests and not in his own.
