I Sometimes he said "He loved me" but I did not take any notice of it and also one time when I was cleaning the he was talking to me on my mobile and we were organising our next tennis game and he said he had a very strong temptation of the devil and I asked him what it was, and he said the he had a temptation to masturbate but he said he didn't do it and quickly hung up the phone I ~~felt~~ felt that he was a sicko at that moment
