

FILE NOTE
MEETING WITH FATHER PAUL PAVLOU

Today I met with Fr Paul Pavlou. It is clear that he needs to remain on sick leave and we have agreed that he will not attempt any ministry until his medical advisers, advise me, that he is free to do so.

I asked him specifically whether there was anything inappropriate in his contact with the family in the parish. He assured me there was no sexual touching. He has agreed to absent himself totally from Healesville and he does not see that he would be returning once he is well.

We have agreed that the circumstances of his living and what he is able to do in terms of ministry would be reviewed in due course.
