Dear **REDACT**

You would be aware, as all honest people would be, that I am a very understanding and compassionate Priest, and where there is genuine hardship, as I believe you are experiencing, you will receive my full support.

In your present circumstances, it would help you considerably if we were to remit completely any debts incurred with the school prior to this year. This would remove much worry on your part. Regarding this year, let us wait until you are in a much better position to judge fairly if some part payment could be possible. Your family's real needs must come first. Meanwhile, let us pray that better fortune comes your way in the near future and that God will bless you in every way; let us always be faithful to Him, so as to deserve His special Blessings.

Yours sincerely in Christ,

*P. Searson*  
Father Peter Searson  
PARISH PRIEST.

Until you find permanent employment, you might be good enough to assist in the School Canteen on a weekly basis. If Fridays are suitable, this would fulfil its need.

Thanking you.
