

FILE NOTE**RE FR John NESTOR**

18 March 2004

Telephone attendance

Fr Peter Comensoli (Chancellor, Wollongong Chancery) spoke with Anne Walker-Rolls (CCER)

- AEWB had been called a few weeks ago about a potential notification in respect of Fr John Nestor
- I had mentioned the matter to Bishop Ingham on 27 February 2004 and he told me to speak with you about it
- The allegation concerned an adult victim who alleged abuse by JN when he was a child
- ADVISED that the matter was not within jurisdiction as JN is not a current employee of the Diocese as he lives in the USA. He is not permitted to perform any work in the Diocese.
- Peter was aware of the matter as the notifier had already spoken to the Bishop who had spoken with him
- AEWB did not comment on this because did not want to indicate who had contacted CCER
- discussed duty of care issues – Diocese has previously contacted the USA re JN
- discussed issues around the adult victim – family does not want any contact being made with him – Diocese respects that and is aware he is having counseling

Discussed child protection matters generally; contacts within CCER; training issues; reviewing old matters

PC gave a list of names that AEWB is to see whether they have been notified to Ombudsman's Office or not - REDACTED ; REDACTED ; REDACTED ; John Nestor; REDACTED . AEWB would follow-up
