TIA Raymond Brazil. He has spoken to John Ellis. I explained to Raymond that John's letter came as a surprise as he flags the possibility of future legal action. Our hope + expectation was that a Deed + cheque would bring the whole matter to finality - do not want the matter to remain 'open'!

Raymond asks whether Msgr would still be happy to proceed with facilitation next week even while the issue of Deed + possible further action remain 'open'. I said I do not know + will have to consult Msgr.

Raymond will contact JE again today + advise that purpose of Deed was to bring 'finality'. He will call me again later today.
