Dear Fr John

I received just after our meeting with the Cardinal the medical reimbursements for the receipts sent to you on 2 December. Could you please let me know whether the expenses claimed on 13 January are also being processed?

It was good to meet with the Cardinal, and I thank you for your efforts in that regard. Nicola and I would now like to meet with yourself and Michael Salmon as soon as possible.

With regard to the matters His Eminence raised regarding the nature of my financial claim, and the level of costs incurred in defending it, I attach for your information copies of my offer of December 2004 and the letter I received from the archdiocesan lawyers in December 2007

This speaks for itself

Best regards
 John Usher
