

Eminence:

1. Ellis

The Court of Appeal handed down its decision today, unanimously rejecting Ellis's appeal and awarding costs against him. John Dalzell's summary follows. I will read the case tonight. Danny and Ted Exell delighted with the treatment of the proper defendant issues by the Court. The Australian has spoken to Ellis and is writing up the story for tomorrow.

2. Seminary

Bishop Porteous faxed a report in this afternoon. It follows this page.

3. ACU meeting

ACU has provided a running sheet for the AGM. I will bring it across in the morning. I will come to the house about 9am, unless you need me to come across earlier.
