Michael,

copy for your information.

H.E has not reviewed the doc,
but you may want to discuss it
with him later this week. I have
also sent a copy to Anna Ross
for advice, given Ellis's action
currently in the courts.

Your Eminence,

Accompanying this brief note is a report from the Interim National Review Panel concerning the Review of Process sought by Mr John Ellis and conducted by Mr David Landa.

The report sets down several recommendations for those who have had the responsibility of managing this particular case. It also includes recommendations that will require the deliberation of the National Committee for Professional Standards which, in turn, may lead to submissions to the ACBC and to ACLRI regarding possible amendments to the *Towards Healing* document.

Should you require any further explanation of the Interim National Review Panel's report I will be happy to oblige.

— This report has not been provided to John Ellis.

Sincerely,

R Julian McDonald cfc
