Thanks Sonia

I would appreciate your feedback on how LAC Adams reacts to the call in due course.

Wayne I will leave you to ring Sonia on the landline number below at 1430. While there will be others in the room, your conversation will be one to one (not speaker phone) due to the privacy requirements.

Please add one further sentence to your planned script.

"Under no circumstances are you to contact any AAFC cadet about these matters until after all the investigations are completed."

Sir,

LAC Adams has advised he will be able to attend 381ECSS HQ at 1430h this afternoon to see me.

Request the phone call be made to my office landline (see below).

At this stage, my plan is to have myself and the SQNWOLF in the room to provide LAC Adams support. Medical has been informed, and have agreed to be on stand-by in case immediate assistance is needed. I will make a determination after the call whether I will require LAC Adams to attend medical tomorrow morning, or possibly to make contact with our ADMINO as a precautionary measure for duty of care (considering we're about to go into the weekend).

I also have immediate access to CHAP's if this support is required. I will also re-iterate the support network available to LAC Adams, including the staff and myself here at 381ECSS.

Request advice if this is agreeable to you.

Regards,

Sonia

Sonia -resend due previous email being blocked.

I propose that you set a time today and contact number to have LAC Adams back on base in the presence of support and that a phone call be made to him by WGCDR (AAFC) Wayne Laycock at that time.

As this is an AAFC matter he needs to pass the information which will be relatively short. Wayne is standing by for advice of a time and appropriate number to call.

I have included OC 3 Wing as an info addressee on this email.

Dennis
