

ROYAL AUSTRALIAN AIR FORCE

Cadets Branch – Air Force

CB-AF/2014/OUT/2015/21

CJO

REDACTED

Dear CJO

In July 2013, the former Director General Cadets - Air Force, Air Commodore Dennis Green, agreed to fund ongoing professional counselling or psychological services for you, your daughter (CJE) and her biological father (SGT CJP , NSW Police Service).

Noting the finite resources available to Cadets Branch-Air Force and the passage of time since our original decision to fund ongoing professional counselling or psychological services for you, your daughter and CJP , I have decided to cease funding for you and CJP with effect 27 March 2015. As a consequence of my decision, I will be unable to accept any requests from you for reimbursement relating to professional counselling or psychological services which occur after 27 March.

Importantly, this decision will not affect the availability of funding for these services for your daughter which will be considered separately by Cadets Branch-Air Force.

I hope that the funding we have provided has been helpful for you. Should you still require professional counselling or psychological services, I refer you to local, community organisations (as outlined to you in July 2013 by Squadron Leader Jacqueline Hatch) and/or NSW Health.

M C SPITTLE

Group Captain
Deputy Director Cadets - Air Force
