Subject: CONFIDENTIAL - CJE (Cadet) matter and sensitive issue
Importance: High

Dear Sean,

This morning, inappropriately, my daughter received a phone call from a person I now know as Wing Commander Daryll TOPP.

Sean, my daughter had enough trouble managing her Higher School Certificate during 2013 when all the hoo-har started, which as a result she didn't get the results to get into her Course at Uni, and now she is struggling to do Foundation Studies to get into her course next year – hopefully; but to get phone calls out of the blue, most likely a result of my email last night to yourself and the DG is totally inappropriate. The hurt this causes is not acceptable.

CJE is a victim of crime and the sensitivity being portrayed by AAFC Wing Office is appalling.

I have told CJE to send an email to the Wing Commander to confirm their discussion in writing, as I feel the 'phone call' conversations will be mere 'hearsay' later on.

Sean, I am formerly requesting ANY correspondence or any communication regarding this matter comes from your office, as I was led to believe from your predecessor HATCH. Im just adding to the list of names of this whole mess

Daryll TOPP
 Wayne LAYCOCK
 Darren BAINFIELD
 Sharon O'DONNELL

You must note and acknowledge – at the time of offence, my daughter was under 18, therefore legally I am her mother. Any and all communications must be controlled through a central point of contact, and I would also prefer ANY phone calls are supported by an email confirming discussion.

Sean, I am also appalled by the 'treatment' of CJE's support person – CJF. In my discussions with her of recent times, it appears apparent that her involvement in the matter has placed her or compromised her 'role' within AAFC – promotion wise etc. I would hate to think she is being victimised in any way.

Sean, I am also going to request that an Email/Advice/Directive is issued to the AAFC that discussion amongst peers of this Sensitive and Confidential Matter is not to take place. Its too confronting that my daughter is hearing of 'whispers' and 'rumours' when attending events. We were advised that this would be narrowed down to a handful of people and now the net has spread. I am sure that there is already a Policy in place that would cover this – I think people need to be reminded of the seriousness of it. This can compromise the matter legally too.

Just requesting confirmation on the phone call that we had this morning at 1124h and what we discussed, those topics being;

1. You asking how I am personally going with the Criminal Investigation
2. Me stating how my support person, PLTOFF (AAFC) C/JF, is being handled and being punished by the OC3WG and XO3WG on how she acting with my investigation
3. Me asking about the Defence Hot Issue that has been posited IAW with the 5 charges that have been conducted and relating to the incident that occurred on an AAFC course held in Jan 1013 at RAAF Base Wagga Wagga and stating that it is incorrect information with you confirming that its "alleged allegations"
4. Me also emphasising that how the investigation started off with at the beginning and how it wasn't dealt IAW the POLMAN and also stated that "I know that I am a strong girl but I don't want the next person to end out like the Ellie Tibble case...", as I want the policy to be actually followed by.

If you could please Sir, reply confirming that those points were discussed in the phone conversation, if I have left anything out, please state in your reply.
