UNCLASSIFIED

Hi CJE ,

Just so you know, I have sent the following information to both of your parents today, as I have received an update on matters from AIRCDRE Green.

I have just spoken with Air Commodore Green, Director General Cadets Air Force in relation to an update from the NSW police.

Last week Air Commodore Green had written to the NSW Police providing them with information and requesting their urgent action to investigate the allegations and take appropriate action as soon as possible. He has followed up the letter with two phone calls over the past few days.

Air Commodore Green was contacted today by NSW Police and requested to provide additional documentation. As a result of the request, some documents available in Canberra were sent to the NSW Police today.

Additional documents are now being sought from the Australian Air Force Cadet staff and will be sent to the NSW police as soon as they are available. Air Commodore Green expects that getting these additional documents could take a couple of weeks.

If we receive any further information we will let you and your parents know.

Regards,

Jac

Hi CJE ,

It really was so nice to meet you yesterday, thank you so much for your time. I know that you are very busy at this stage of the promotion course.

I spoke to the Chaplains office at Wagga yesterday and they have two chaplains in most days. They are more than happy to see you and have a chat so if you would like to call them on REDACTED you can make a time to meet with them.

I have also included below some of the information I sent to both of your parents in terms of what professional support may be available to you.

I believe you are dealing with all of this very well, I just think you may benefit from some independent professional support. Please let me know how you go with this.

If there is anything I can help with, or if you would like to visit you again at any stage, please just give me a call.

Again, it was lovely to meet you and I hope you enjoy the rest of your course.

Regards,

Jac
