UNOFFICIAL

Hi Sir,

As discussed this afternoon, I have received a text message from PLTOFF (AAFC) CJF advising the following:-

'Still no movement of having it amended or removed. Called cadet branch, came across as though the matter isn't me (later correct to 'of) importance. Will this be fixed? Or will we need to go to the minister of defences office?'

This is in relation to the HIB 11 Apr 14 that appears to have some errors in it. I know it is not something CB-AF drafted and I understand that SQNLDR Watson has already spoken to DCOORD about the error, however you may want to check with them before where they are up to with this update before speaking with PLTOFF (AAFC) CJF

Please let me know if you need anything else.

Regards,

Jac
