## PROGRESS REPORT

NAME:

Katherine X

DATE OF BIRTH: REDACTE 64

DATE SEEN: 1.8.79

Katherine X seems to have come to terms with her feelings about her father and expresses the need to keep away from him.

Her relationship with her mother is more open now, she says. Both feel freer to talk about most things.

She hopes to be accepted at Hillview and is determined to go on to school and qualify eventually for some sort of professional work involving child-care.

M Heywood is investigating the possibility of a community school in the Brunswick area.

I have not heard from her Regional Worker in terms of planning for Katherine X

I am planning on following her up for a period if/when she moves to Hillview.
