

CONFIDENTIAL

DJ/MM

FAMILY WELFARE DIVISIONBayswater Boys' Home.

I visited on 25.6.68, to find the place functioning, as usual, in a solid and sensible sort of way. In fact, considering the difficult lads we send them and their small care staff (Superintendent and wife with two care staff in the main home and a married couple with 12 boys in the cottage) one is impressed with how well they do function. Very little worth reporting has happened since my last visit and report.

Clothing issues from Turana have improved since we acted on the complaints I heard on my last visit and the Manager asked me to convey his thanks for our cooperation in this.
