Dear YJ

It is that time of the year again, when we have all fallen across the finish line at the end of the school year, and we have time to draw breath and reflect on the events of the past busy, productive academic year.

I am sure that you are in full swing with your Christmas preparations, and I hope that you are taking some time out for yourself.

This stage of the year also allows me to reflect on what has transpired and to write letters of appreciation to the Staff who contribute so much to our School.

Congratulations on another successful year in teaching the Year 5 students in your care. I have been most impressed with the vigilance that you undertake in guiding, nurturing and caring for students – none moreso than the group you have had this year. There have been some wonderful, colourful if you like, characters in 5D in 2002 and they have all survived, along with their Teacher. I know it has been hard work at times and I do know, as the parents know, and tell me, that they are very affirmed that they have put their children into the Preparatory School and they appreciate the guidance that they are given in your class.

I hope you are looking forward to the challenges of Year 4. It is healthy to have a move of class in the professional life of a teacher and I do look forward to seeing vibrancy and energy in your classroom as you prepare to take up the new challenges of a new year level. I hope you enjoy it.

Enjoy your holidays, enjoy the time reading books and listening to classical music. I look forward to working with you again in 2003.

Yours sincerely

YK

HEAD OF THE PREPARATORY SCHOOL
