Dear Sirs

KEVIN LYNCH - ALLEGATIONS BY FORMER STUDENTS

Thank you for your letter of 2 June 2000.

As you would have noted from recent media coverage, the School is prepared to fund appropriate counselling/treatment for former students. The parameters within which such counselling will be offered are as set out in the enclosed letter, which will be forwarded to any former student seeking counselling.

As outlined in that letter, the usual patient confidentiality will be maintained. The School will not receive reports from either Dr Lawrence or the treating psychiatrist, except that:

- Dr Lawrence will provide an initial statement to the School specifying the former student's name, that he has been referred for treatment and the name of the practitioner to whom he has been referred;
- Copies of the treating psychiatrist's accounts will be provided to the School (via Dr Lawrence) so that the School can attend to payment of the gap between Medicare and the total fee; and
- If there is a need for further treatment following completion of the initial treatment approved by Dr Lawrence, Dr Lawrence will provide a statement to that effect to the School. Again, no details beyond the name of the student, the fact of approval for further treatment and the name of the treating practitioner, will be provided to the School.

The School's agreement to facilitate this system of counselling arises from the School's acknowledgment of its moral responsibilities to its former students. It does not in any way, nor should it be construed as, an admission of any legal liability in respect of any matter giving rise to the counselling.

If any of the former students for whom you act wish to avail themselves of the counselling, they should feel free to contact the School.

Yours faithfully

P.G. Lennox
