Dear David

Brisbane Grammar School - Notification Of Potential Claims

Further to my facsimile of 14 June 2000 and our subsequent discussions in relation to the above, it would appear that the earliest record available to date is 1983 which indicates that Insurance Company of North America was the underwriter at that time.

I have had verbal discussions with Ace Asia Pacific and they are currently endeavouring to locate any INA records available, but this may not be an "overnight" exercise.

Ace Asia Pacific are aware of the potential claims but at this point of time advise they are not prepared to confirm indemnity until they have been able to confirm existence of covers and secondly actually claims being lodged, with applicable dates of incidents.

I have also advised Suncorp Metway Insurance formally State Government Insurance Office of the potential claims and the possible likelihood of their being the underwriter prior to 1983. Their verbal response to date has been that their records do not go back that far and unless you were able to provide proof of cover, eg. policy document they would be unable to assist.

I will keep you informed of any further developments.

Yours sincerely

Ken Winks
Consultant/Account Executive
