Dear «Salutation»

Within the last week, allegations have been brought to my attention concerning improper behaviour on the part of a past staff member. The staff member retired from the School in 1988.

The School is taking these allegations seriously and it is committed to undertaking a full investigation. I have personally conducted preliminary inquiries and I can say that there is no evidence whatsoever within our records relating to any events that are alleged to have taken place more than 12 years ago.

As educators our principal concern is always for our students.

Again I want to reassure all concerned that the alleged events have no bearing on the School's current situation.

Where possible, I will keep you informed of our investigation.

Brisbane Grammar School's Deputy Headmaster Administration, Mr Mark Brusasco, is available on 07-38345200, if you have any further questions.

Yours sincerely,

*P. G. Lennox*

DR P G LENNOX  
HEADMASTER
