Dear Ken

BRISBANE GRAMMAR SCHOOL - ALLEGATIONS BY FORMER STUDENTS

As you are aware, our client is establishing a panel to review the School's current policies and procedures directed at preventing sexual abuse of students.

The panel will consist of:-

- Professor Barry Nurcombe, Director of Child and Adolescent Psychiatry, University of Queensland and Royal Children's Hospital;
- Mr Sid Williams, QC; and
- Mr John Burge, Educational Consultant.

The review will benchmark the School's present practices and policies against international Best Practice, and make recommendations leading to the adoption of a formalised set of practices and policies in respect of these issues. The review is obviously a very worthwhile risk management tool.

Would you please make arrangements for the School's insurance coverage (both professional indemnity or public liability) to be extended so as to cover the activities of the committee for the work to be conducted by them.

Please also confirm any additional premium thereby incurred.

Yours faithfully
