

PHONE CALL FROM
22 MAY 2001

REDACTED

I received a phone call from the abovenamed who said he was phoning as a result of the article by Howard Stack mailed out with the Grammar News.

He simply said he wanted to take up the counselling with Dr Lawrence. I suggested he might like to speak with Kerry Hurd in the first instance. I informed him of the general procedure and said I would mail him a letter after speaking to Kerry if he wished to proceed with the counselling.

He didn't go into any detail of his experiences and was happy just to wait to hear from Kerry. He can be contacted at home **REDACTED** He leaves for work at 7.00 am and is home after 6.00 pm. This is his preferred contact phone number as he cannot speak at his place of employment.

He was rational and calm when he spoke to me.
