Dr. P. Lennox
Brisbane Grammar School

Dear Peter,

When I spoke to you of our family's suspicions concerning an alleged incident between my son and the late Mr. K. Lynch it was in response to your call upon staff to provide you with any background to help you in dealing with media enquiries. My recall of the alleged incident was vague as it involved a time span of some 20 or so years.

I am seriously concerned that you have seen fit to escalate this piece of information to encompass an interview with a solicitor and would ask you to cancel this appointment on my behalf.

If there are some specific questions you or the solicitor wish to ask us please communicate them to us in writing in order to allow proper consideration to the answers, given the length of time involved

Yours faithfully
