

Dear Dr Lennox,

As a result of the recent interest in our school by the

media, there has been some amount of discussion between the tuck shop volunteers. I feel I must tell you that without exception, all comments have been extremely positive. So much in fact, that they have asked me to email you to offer our support, not only to the school, but to you personally.

We All feel you have represented the school community in a dignified and humane manner, and have earned our sincere admiration during a very difficult period.

Yours respectfully,

Jo Scott.
