Dear Denis,

I had intended writing to you for your 30th birthday but unfortunately it had slipped my mind! And then your letter arrived yesterday, for which many, many thanks. I will not be able to do justice to the letter now but would hope to do so later on when we have a yarn. Just at present my mind is rather pre-occupied with Chapter preparations and a variety of other things, so you will understand my reluctance to write too much.

I hope that you enjoyed the stay at Enoggera and I know the monks would have enjoyed having you - brightening up the local scene.

All good wishes to yourself, the monks and the Sisters. Don't worry too much about the Greg situation - we will be able to handle that for next year.

Thanks for what you do for him, despite the difficulties.

Cheers for now,

*Fraternally,
Chris*
