Hi Larry,

I have been contacted this morning by the NSW Police regarding [BXX] who was a registered coach with the [REDACTED] Club and a registered referee. As you know this person's services were not required by Southern Districts or the NSW Referees in 2003 for certain reasons.

I am unable to go into too much detail regarding this case, however the Police have requested further assistance from Soccer NSW in this matter.

The information required is as follows:

1. Length of time that [BXX] was a coach at [REDACTED]
2. When [BXX] commenced coaching at [REDACTED]
3. Full copies of team lists of the teams that [BXX] coached.

Larry, I appreciate that it may be difficult to obtain some of this information depending on how long he was a coach for, however I must stress the importance of providing such information to the Police involved in this case.

Please advise how long you estimate it may take to collect this information and ensure that anyone you speak with a [REDACTED] is advised that this is a highly confidential matter and cannot be discussed with any other persons.

Thanks.

Michelle.

Michelle

Happy new Year babe.

Is there any word on where and when for the first round of the Continental Tyres Cup?
