Hertford,
Hertfordshire,
ENGLAND.

Dear Jonathan,

I was delighted to get your letter of November 21st. We should love to see you back at Geelong Grammar School, with or without a wife! And you can take this letter as the definite offer of an appointment at the beginning of 1971.

You ask whether there would be a job "at Corio". Does this mean that you would not want to go to Timbertop? You say that you would be a free agent in September 1970. Is there any possibility that you would be able to go to Timbertop for one term in place of John Mills, who is due to return to Marlborough then, and then come to Corio if you did not wish to stay at Timbertop?

When you write to let me know your decision, will you bear this point in mind?

I do not know whether Roger More has told you that he is coming here in May. We may be in a bit of a jam in 1st Term, when the girls are coming out, but I am sure that we shall get by.

If you come out from England, then we would nominate you for an assisted passage if you wanted us to. But I am not sure whether you hope to get married in England, in South Africa or in Australia. If you were married in England and wanted to bring furniture out, we would, in accordance with our normal policy, advance money for transport, the advance being written off over a period of four years.

I expect you heard tell, in the Morris Room, of Bill Goldshaw who was teaching Chemistry here. He went back to England and has been teaching at St. Paul's, but he too wants to come back in 1971 and I have asked him to do so. It is encouraging that young men want to come back.

I think you did meet Gerald. He sails on Sunday and begins at Magdalene in January. So, if you go over there, you may see

him.

We are in the last ten days of term and, what with Class A, we are going to be very busy.

I very much hope that you will come.

Yours ever,

(F. R. Garnett)
Headmaster

P. S. I don't think you had better see the Corian before you make up your mind: because you might feel that you would not be able to live up to the encomium that it contains!

This letter was dictated by the Headmaster but signed by his secretary in his absence.
