September 8th 1991.

Dear John,

I write to inform you that I have purchased a house in **REDACTED** and that I shall be taking possession of that house next weekend.

I intend to continue to spend most of my time in term time here at 21 Biddlecombe Avenue in order to comply with the taxation requirements of negative gearing and the School Council's conditions of service.

I repeat once again my wish to be allowed to continue to occupy my current house. Both the Johns and I would like to know our 1992 residences as soon as possible. I would also like to spend some money on my house here once I have moved some of my belongings to **REDACTED** but I do not wish to do so if I am to be moved.

○ I shall be away from 12 December until 24 January so that, if a move was needed, the operation would have to take place outside those dates or in my absence.

Once again I stress that a definite decision would be much appreciated. I do find uncertainly highly stressful.

Yours sincerely,

Jonathan Harvey

J.F.C.HARVEY.
