Dear Jonathan,

Re your Long Service Leave. I confirm that it will be in order for you to take Long Service Leave in Term 2 of 1992 rather than in Term 3. I believe that we should talk further about the duration of leave. I don't think I have ever ruled out of consideration in my own mind possibilities of the kind which you advanced in your letter of 1st June of this year.

Yours sincerely,

(J. E. Lewis)  
HEAD MASTER

P.S. I do very much like the sound of your Friday lunches and believe that the value of those exercises is hard to overrate.

I think it would be of great value for you to provide supper (Australian terminology!) in a similar way for groups of overseas and local students. I think that you would have to put the proposition to housemasters at a Thursday meeting early next year. I imagine that they would be happy to support such an arrangement, though they might find it easier to accept constitutionally at a time when you have ceased as Housemaster of Allen to have specific responsibility for one particular group of pupils.
