26th October.

John.

I would like to come to speak to you after Speech Day about a slight change of role for myself.

○ I would like to cease to be the Chairman of The Charities' Committee. The time is ripe for someone younger to set about organizing charity events such as fun runs, raffles et al. I have raised cash merely by asking for donations, but this is proving to be harder and harder!

○ For the past few years I have made a practice of inviting ~~my~~ the students in my House and in my classes to lunch, 5 at time, every Friday. I have found this to be a highly enjoyable routine and one which seems to be much appreciated. I mix up the sexes and the age groups. I believe that the happy atmosphere that pervades (for most of the time!) in Allen and in my classroom is, in part at least, due to these lunches.

I intend to continue ~~them~~.

I would, however, like to extend the scheme and invite, on a regular basis, groups ~~from~~ of overseas and local students to supper (Australian terminology!) ~~on~~ during a second prep. I feel that barriers are best broken down on an informal basis.
