

WHYTE JUST MOORE & ASSOCIATES

JCB:sdr
10 May 2007

Mr. David Endean
18 Candover Street
GEELONG WEST VIC 3218

Dear Mr. Endean,

Jonathan Harvey
Alleged conduct of gross indecency August 1976-January 1978

We act for Jonathan Harvey.

Our client has provided your name as a possible character witness in relation to most serious criminal charges to be heard before the County Court at Geelong later in the year.

Charges relate to gross indecency with a male student at the Geelong Grammar School over the period 1976 to 1978 while our client was a teacher at the school and the victim was a student over the age of 16 years resident in boarding house facilities supervised by our client.

We are instructed by our client that these singular offences relating to this particular student are a gross breach of trust given the relationship of teacher and student.

Our client will receive a term of imprisonment in relation to these offences. We are hoping to have the term of imprisonment suspended to avoid our client being sent to prison. It would be of assistance to the Court if you could provide an indication as to whether you are prepared to give character evidence in the witness box and/or provide a written character statement setting out the background and dealings you have had with Jonathan Harvey.

At this stage these matters are strictly confidential and we would request your cooperation in not disclosing any of these matters to third parties.

The writer would be pleased to discuss any aspects relevant to these matters and I look forward to hearing from you.

Please acknowledge receipt.
