

\* 1/1/15 and I called you about doctors as  
charters  
and occurred in the exam

Letter to

Dear Ms  (or Dear )

Thank you for your letter dated 15<sup>th</sup> August 2013 which I have now had an opportunity to consider.

As discussed on XXX (first call) and YYY (second call in relation to letter) I understand that your primary concern is that the incident to which you allude to in your letter cannot re-occur. You also wished to inform the School what had occurred to you during your time at Timbertop. I am sure you will understand that it is not possible for me to verify your claim after 27 years. However, on behalf of the School, I am sorry that you felt violated during this medical examination.

I can assure you that this type of medical examination does not currently occur at the School and to the best of my knowledge has not occurred since at least 1998. There are no records of this type of medical examination occurring between 1986 and 1998 although I do not have any direct proof that they did not occur. I can only confirm that <sup>such</sup> the medical examinations were not performed post 1998.

I would like to thank you for raising this matter with me; it is an issue that the School and I take very seriously.

I wish you all the very best for the future.

Kind Regards
