AWH /ROLLESTON

Conversation w/ Amanda Adrian, Cm^r. Bd has asked Commission to contact Mr AWH & see if he would re-consider putting in a written complaint & specific allegations of historical abuse as child.

14.50 hrs – P/C to Mr AWH **REDACTED**

Advised Mr AWH that Commission had not received a stat dec or any other particulars concerning his complaint against Dr Rolleston. As a result we have 2 options in closing investigation → termination or discontinue.

Explained the difference betⁿ options & that we have discontinued investigation. Therefore invest. can be reopened if he provides a stat dec/written complaint w/ specific information about the alleged child sexual assaults in Dr R's rooms.

Mr AWH stated that both he & his brother want to make it → will provide stat decs. Advised that we will review on receipt. In the interim he will receive advice that matter has been discontinued but HCCC & Bd remain concerned about Dr Rolleston & the potential to further harm to other chn.
