Dear Sir/Madam,

A few years ago, I made a complaint to one of your case officers Samantha Jones concerning a Dr Rolleston who sexually molested me and my brother when we were kids. Some of the correspondence to your department copied below.

Since 2003, I suffered a nervous breakdown over many things, this incident just one part of it. However I'm a bit better health wise now and want to again pursue this matter, even if I have to go to the police and get this bloke investigated.

Please contact me to see what I have to do again.

REDACTED

Dear Mr AWH

Further to my email which was sent on 20/5/03, I have now been able to identify Dr Rolleston.

This complaint will be assessed next week and you will then be advised in writing of the assessment decision.

Kind regards

Samantha Jones

Thank you so much for the response. I'm not sure of his Christian name, but he was practising in his own surgery in St Ives back in the late 60's early seventies. I could look at a Sydney street directory and find the street of the surgery, and will do so.

My Postal address is REDACTED and my contact phone is REDACTED

Thank you for your reply.

P.S I'll find the street name of his surgery and forward it to you.
 P.S.S He molested my younger brother as well, and he's more than willing to tell his story independently if needed.

Subject: Complaint about St Ives Doctor

Dear Mr AWH

Your email regarding Dr Rolleston was received by the Health Care Complaints Commission on 9/5/03.

In order that I identify the correct 'Dr Rolleston' I need to know his Christian name or the first letter of his Christian name. Also the Health Care Complaints Commission always responds to complainants by letter, therefore please can I have your postal address.

If you don't know Dr Rolleston's christian name, then any other information you may have that would be useful in identifying Dr Rolleston would be appreciated.

Many thanks

I am now so very happy. Regardless of your outcomes, I feel totally refreshed simply by the fact that after all these years I've had the gutz to open my closet and get it off my chest. My wife has been aware of this guy's abuse as I told her years ago. Anyway regardless of what your outcomes are I feel expunged, and if anything is to come of my complaint, I'll be willing to go to what ever extremes you want to see that maybe some small token of justice is done. I don't want anything from this Doctor. Accept maybe a well overdue apology. And maybe it'll help if others have complained about him. Also, if he's still in practice, is he still doing these things to kids?

Anyway that's my two bobs worth Samantha, and thank you so much for getting back to me.

Kind Rgds
