Dear Karen/Desley,

I advise that all 9 current investigation files in relation to Dr Rolleston (09/02751-09/02759) have been paused. Dr Rolleston has been advised of this through his legal representative Mr Andrew Davey and all the complainants have been advised.

The matter is back before the Court on 15 April 2010 for plea or mention. The NSW Police have advised that the Court ordered a Conference between Prosecution and Defence to be held by 25 March 2010 and if there is to be any application to call witnesses at a committal hearing (should they decide upon that path) the application to be filed by 1 April 2010. The DPP response is due by 8 April 2010 .

If you need any further information please let me know.

Thanks,

Sacha
